

PRODUCT INFORMATION

Biosolv G

BIOSOLV G is a biodegradable degreasing product used in lift stations to keep the lift station walls & equipment free from fats and grease. It works by reacting with the fats and greases, solubilizing them into the water and carrying them away. BIOSOLV G has a citrus odor and is safe to use.

SPECIFICATIONS:

Appearance:	Clear to pale yellow liquid
pH:	9.33
Specific gravity:	0.79
Weight/Gallon:	6.58#/gallon
Solubility:	Insoluble until exposed to fats & grease
Odor:	Citrus

APPLICATION:

BIOSOLV G can be sprayed onto the sides of the lift station to clean them, or poured into the lift stations and permitted to float on the surface of the water to clean by the rising and falling of the water levels. The water levels should not be permitted to drop to a level that would cause the BIOSOLV G to be pumped off the top of the water.
